Reason for the Difference

Actual Results for six-months ended September 30, 2012 (both consolidated and non-consolidated) differs from the forecast of results previously filed on September 4, 2012. This is because electricity sales volume exceeded our supposition and fuel expenses decreased due to stronger yen.

The forecasts for the full fiscal year ending March 31, 2013 have not been changed from the previous announcement made in September 4, 2012.
