

Division	Equipment class	Designation	Detailed specification	Quantity	Unit	Place of delivery	Expected order	Expected delivery	Subject matter
Civil engineering	Dam management equipment	Operating plan support system	Work application system	1	Set	Kawabe-Cho, Kamo County, Gifu Pref.	2021/6	2023/6	Installation of renewable energy work application system
Civil engineering	Dam management equipment	Software	Renewable energy information consolidation device (demand-supply support)	1	Set	Kanpachi-Cho etc., Toyota City, Aichi Pref.	2021/10	2023/3	Hydraulic centers of entire company, remodeling of renewable energy information consolidation device (demand-supply support)
Civil engineering	Dam management equipment	Alarm relay station	Alarm relay station control device	1	Set	Tashiro, Aoi Ward, Shizuoka City, Shizuoka Pref.	2021/7	2023/9	Hatanagi Daini Hydroelectric Power Plant, replacement of Hatanagi Daini Dam system alarm relay station control device, etc.
Civil engineering	Dam management equipment	Transmission device	Power plant input/output relay panel	1	Set	Ibigawa-Cho, Ibi County, Gifu Pref.	2021/5	2022/3	Yokoyama Hydroelectric Power Plant, replacement of power plant input/output relay panel, etc.
Civil engineering	Dam management equipment	Other civil engineering system devices and components	Hydrological information communication server	1	Set	Kanpachi-Cho etc., Toyota City, Aichi Pref.	2021/10	2023/3	Entire Company Hydroelectric Center, replacement of hydrological information communication server etc.
Civil engineering	Dam management equipment	Other civil engineering system devices and components	Hydrological information provision server, etc.	1	Set	Kanpachi-Cho etc., Toyota City, Aichi Pref.	2021/10	2023/3	Entire Company Hydroelectric Center, replacement of hydrological information communication server etc.
Civil engineering	Others	Monorail	Engine-type monorail	1	Set	Akaho, Komagane City, Nagano Pref.	2021/12	2023/1	Nakagosho Hydroelectric Power Plant, replacement of monorail
